

Internal Drainage Boards in England

Annual return for the year ended

31 March 2013

Internal Drainage Boards in England with an annual turnover of £6.5 million or less must complete an annual return in accordance with proper practices summarising their activities at the end of each financial year.

Each annual return on pages 2 to 5 is made up of four sections:

- Sections 1 and 2 are completed by the person nominated by the board.
- Section 3 is completed by the external auditor appointed by the Audit Commission.
- Section 4 is completed by the board's internal audit provider.

The board must approve this annual return no later than 30 June 2013.

Completing your annual return

Guidance notes, including a completion checklist, are provided on page 6 and at relevant points in the annual return.

Complete all sections highlighted in blue. Do **not** leave any blue box blank. Incomplete or incorrect returns require additional external audit work and may incur additional costs.

Send the annual return, together with your bank reconciliation as at 31 March 2013, an explanation of any significant year on year variances in the accounting statements and any additional information requested, to your external auditor by the due date.

Your auditor will identify and ask for any additional documents needed for audit. Therefore, unless requested, do **not** send any original financial records to the external auditor.

Audited and certified annual returns will be returned to the board for publication or public display of sections 1, 2 and 3. You must publish or display the audited annual return by 30 September 2013.

It should not be necessary for you to contact the external auditor or the Audit Commission directly for guidance.

More guidance on completing this annual return is available in the Practitioners' Guide for Internal Drainage Boards that can be downloaded from the Association of Drainage Authorities' website at www.ada.org.uk

Guidance notes on completing the 2012/13 annual return

- 1 You must apply proper practices for preparing this annual return. Proper practices are found in the *Practitioners' Guide** which is updated from time to time and contains everything you should need to prepare successfully for your financial year-end and the subsequent audit.
- 2 Make sure that your annual return is complete (i.e. no empty blue boxes), and is properly signed and dated. Avoid making any amendments to the completed return. But, if this is unavoidable, make sure the amendments are approved by the board, properly initialled and an explanation is provided to the external auditor. Annual returns containing unapproved or unexplained amendments will be returned unaudited and may incur additional costs.
- 3 Use the checklist provided below. Use a second pair of eyes, perhaps a board member or the Chair, to review your annual return for completeness before sending it to the external auditor.
- 4 Do not send the external auditor any information that you are not specifically asked for. Doing so is not helpful. However, you must notify the external auditor with details of any change in Clerk, Responsible Finance Officer or Chair of the Board.
- 5 Make sure that the copy of the bank reconciliation which you send to your external auditor with the annual return covers **all** your bank accounts. If your board holds any short-term investments, note their value on the bank reconciliation. The external auditor must be able to agree your bank reconciliation to Box 8 on the Accounting statements (Section 1). **You must provide an explanation for any difference between Box 7 and Box 8.** More help on bank reconciliation is available in the *Practitioners' Guide**.
- 6 **Explain fully** significant variances in the accounting statements on page 2. Do not just send in a copy of your detailed financial statements instead of this explanation. The external auditor wants to know that **you** understand the reasons for all variances. Include a complete analysis to support your explanation. There are a number of examples provided in the *Practitioners' Guide** to assist you.
- 7 If the external auditor has to review unsolicited information, or receives an incomplete bank reconciliation, or you do not fully explain variances, this may incur additional costs for which the auditor will make a charge.
- 8 Make sure that your accounting statements add up and that the balance carried forward from the previous year (Box 7 of 2012) equals the balance brought forward in the current year (Box 1 of 2012).
- 9 **Do not complete section 3.** The external auditor will complete it at the conclusion of the audit.

Accounting for Fixed Assets

It has come to our attention that Box 9 of Section 1 of the Annual Return – the Accounting Statements includes fixed assets that have been depreciated.

We have recently obtained clarification of the guidance on accounting for fixed assets as set out in the ADA publication Governance and Accountability for Internal Drainage Boards – A Practitioners Guide 2006 (para 3.83).

IDB's are required to account for fixed assets at historic cost on the Annual Return. If this is not known a proxy cost should be substituted (e.g. insurance value). Commercial concepts of depreciation or impairment adjustments, etc are not appropriate for IDB's. For reporting purposes therefore, the 'book' value of fixed assets will usually therefore stay constant until disposal. Where insurance value has been used as a proxy, it should not be adjusted for annual changes.
